You will have an additional 9 months, however, if your research continues to be impacted by COVID-19 we can revisit with Latham – they are very understanding!

Thank you,

Thank You Sarah . How long is the extension granted for?

Best regards,

Suhasini

Hi Sarah,

How are you ? I just wanted to touch base regarding the study. With this COVID issue, all research imaging studies are halted. Do I need to send a letter asking for extension again given , we are on indefinite hold as of now with clinical research studies , particularly ones that require this kind of imaging.

Thank you,

Suhasini

Hi Sarah,

I have attached the report. Please let me know if this seems adequate. I have time to fix this if it appears inadequate. Budget is attached separately.

Thank you.

Best regards,

Suhasini

Will do . Thank you for the information regarding the extension . I suppose I still don't have

much to add , so I will submit it soon.
How have you been ? How is your little one?

Thank you for replying so promptly .

Best regards,

Suhasini

Hi Sarah ,
I will submit the report by tomorrow .

We have not enrolled any baby in the study as yet because the radiology department issued a hold on research studies until October 2019 until new MRI machines are being installed and old one are replaced.

We have however finessed the protocol for fMRI before the hold . The babies are still getting MRI that would be standard of care , but can't enroll in a study.

I have a question for you . Do I need to write this reason in the report , or just that the projection is still that we should be able to complete the study?

Thank you ,

Best regards,

Suhasini

Regarding the **Projected and Actual Expenditure
attachment** mentioned in the Interim Status Report
document, there is not a template. Please use your own
budget and show projected (from the original
application) vs actual to date.

Good morning Dr. Kaushal,

This email is to let you know that the Interim Status Report for your 2018 Charles and Mary Latham Fund award is due **September 27, 2019**. Attached please find the template with word limits for you to note. Once you complete the report, I will upload it into the Latham Fund online system.

*I am working with my Latham contacts regarding the **Projected and Actual Expenditures attachment** but I wanted to send the other requirements so you would have as much time to complete the interim report.*

Please let me know if there are any questions.
